As director or senior manager, your task is to make sure things go right for your business. With the best will, things can go wrong. This mock trial aims to explain what can happen when things go wrong and a worker is injured.

HSE has decided to prosecute not only the employer but also the managing director.

You are invited to the criminal trial in the Magistrates' Court when the company and its director are prosecuted. In the afternoon there will be a different talk on a related topic at each location.

As in reality, the Magistrates will judge the case on the facts and arguments presented to them by prosecution and defence lawyers. Guilty or not will be decided on the day.

Both morning and afternoon sessions have discussion time, when you can debate with the lawyers, the defendants and the Magistrates and offer your own opinion. I look forward to seeing you in court, **Mark Atkinson** Chairman of the Working Well Together South Yorkshire and Humber Group.
