# FREE Working Well Together Event

## Roof work = High risk

This is one of a series of **free** partnership events run by the industry for the industry, as part of the UK-wide Working Well Together (WWT) campaign.

The aim is not only to raise awareness of key health and safety issues facing those involved with roof work, but also to give practical advice on addressing many of them by creating safe access and working platforms using scaffolding.

If you are self-employed or have a small building, construction or contracting company, and are ever involved with roof work then, this **free** event is a **must**.

**BOOK NOW! Places are limited.**
